DIGITAL PASSPORT

DEMO - NOT BTU ISSUED

NAME

Giorgi

SURNAME

Kapanadze

ORIGINAL DATE OF ISSUE

2026-09-15

PASSPORT ID: BTU-AI-000125

VERSION 2 | 5 CUMULATIVE AWARDS

VERIFICATION CODE

D1-X5POOCLB2IIGHTO6MZKMFCTVDOGDJWP4

DEMO / SOLANA DEVNET / BTU AUTHORITY UNCONFIRMED

ABOUT THE AI SKILLS DIGITAL PASSPORT

Understanding the three category stamps

This fictional demonstration preserves cumulative skill awards from the BTU hackathon test dataset. A permanent passport identity remains unchanged as new versions add skills. Original versions remain independently verifiable after later updates.

Use the version code for public registration lookup. Upload the exact issued PDF to compare every byte. Solana Devnet registration and verified university issuer identity are separate checks.

AI Skill
